

HARRY Z. ADAMS IS ARRESTED ON MISUSE-MAIL CHARGES; IS ORANGE MAN

Harry Z. Adams of Orange, secretary of the Orange County Dried Fruit Association, was arrested Saturday by Deputy United States Marshal D. S. Bassett on a charge of using the United States mails to defraud.

Adams was one of three men against whom indictments were brought by a federal grand jury in Los Angeles. J. K. Tennant of Los Angeles and C. Longnecker of El Paso were the others.

Adams, who is well known at Orange, where he has lived for twenty years excepting a period when he lived in San Diego, gave \$2500 bail, C. J. Overhiser and H. Z. Lanwell going on the bond as sureties.

The Los Angeles Times tells of the arrest of Adams and Tennant as follows:

Adams Arrested

Harry Z. Adams of Orange, secretary of the Orange County Dried Fruit Association, was arrested at his home yesterday afternoon by Deputy United States Marshal Bassett and brought to Los Angeles to answer a federal indictment charging him with using the mails to defraud in connection with the affairs of the Western Underwriting and Mortgage Company. He was held in \$2500 bond.

J. K. Tennant, a promoter with offices in the Wright & Callender Building, similarly charged with Adams, was located here yesterday with his attorneys, Campbell & Moore, and because of the late hour was given until tomorrow morning to furnish \$5000 bond.

These men, with another, unnamed, who is in Texas, were indicted last Friday.

The officers of the Western Underwriting & Mortgage Company are given as: President, Dr. E. M. Fly, president of the People's Bank, National City, Cal.; George A. Lane, president Oceanside Bank; J. R. Hickman, Treasurer of Fresno county; J. F. Avernell, cashier First National Bank, Fowler, Cal.; Charles R. Fitzgerald, capitalist; H. Z. Adams, secretary and treasurer; Charles P. Mullen, capitalist, Tempe, Ariz.; J. F. More, capitalist, Goleta; Dr. C. E. Stoner, Los Angeles.

Federal officers declare hundreds of thousands of shares of Western Underwriting and Mortgage Company stock were sold throughout California, and the total loss is about \$300,000.

Mr. Adams took his arrest coolly, saying it was caused by pique on the part of enemies. He declared the issues involved have been tried several times in San Diego county courts and he has been vindicated. Mr. Tennant made a similar statement.

The indictments are a revamping of a civil suit begun in the local federal court about two years ago that has not yet been heard. The complainant in that suit was L. Y. Ketcham of Ensenada and the defendants were the Western Underwriting and Mortgage Company, E. M. Fly, C. R. Fitzgerald, J. K. Tennant, H. Z. Adams, George A. Garrett, J. E. Jennison, Kate F. Barnes, W. H. Caldwell, J. F. Avernell, J. R. Hickman, H. J. Barnes, E. B. Harvey, O. R. Cross, George A. Lane and C. E. Stoner.

In that action, it was alleged, the defendants as directors and individuals, should be held liable to the stockholders of the Western Underwriting and Mortgage Company for losses growing out of negligence and misconduct. Ketcham bought 1000 shares of the company, and it was charged that Tennant took 200,000 shares, with knowledge and consent of the directors, for which the consideration was some worthless stock. It was further charged that Tennant sold large blocks of stock of the Western Underwriting and Mortgage Company, representing that the money received therefrom went into the treasury of the company, while in fact, the money was appropriated by Tennant.

The allegations in the indictment are that the three men, with offices in Los Angeles and San Diego, conspired to defraud the unwary; that they flooded the mails with letters and circulars setting out that they were about to organize and incorporate certain companies with dummy directors, who should be subservient to the will of the indicted men; it was set out that they were in reality to be stenographers, chauffeurs, stock salesmen, bookkeepers and accountants; that they later were to be displaced by well-known business men, to give the company a standing, but all the time be subject to the commands of J. K. Tennant.

It is alleged that by these fraudulent representations much stock was sold; that it was fraudulently represented that the money so raised was to go into the treasury of the companies so organized, and that it was to be sold at less than value, to make the investment attractive. Notes were accepted and the investor told if he was not satisfied he could get his money back. It is further alleged that the stock so disposed of was not treasury stock at all, but that of Tennant, who received the money, and that the stock was sold for more than value.

Misleading entries were made in the

YOU'RE A LIAR, SAYS JEFF TO CHOYNSKI, GAMENESS QUERIED

SAN FRANCISCO, Aug. 2.—Joe Choynski, the old-time boxer and Jeffries' advisor in the Reno fight today declared Jeffries lacked courage when he was fighting Johnson.

LOS ANGELES, Aug. 2.—Jim Jeffries calls Choynski a liar and ungrateful dog. He denies the charges he was not game.

INQUEST WITNESS IS HEARD BY MEGAPHONE OVER SWOLLEN RIVER

BAKERSFIELD, Aug. 2.—Coroner Brooks today held an inquest into the death of C. R. Butrick, an Edison power employee, who was drowned. Testimony was heard across the Kern river. A witness on the far side of the river was unable to cross the swollen stream, so he yelled his testimony through a megaphone.

DEATH BY AUTO GRAZES MANY; CARS COLLIDE, GO IN DITCH LEAP ROAD

Narrow escapes from serious injury and possible death characterized a series of automobile accidents which occurred in various parts of the county during the period of time extending from Saturday evening to yesterday evening. It was only through the barest turn of fate that some of the mishaps did not result in fatalities.

One man had his arm broken when the automobile in which he was riding collided with a horse and buggy near Anaheim Saturday evening. Two others were slightly injured in the same accident.

An automobile went into the ditch alongside of the Newport road yesterday afternoon. One woman sustained a sprained knee. She was the only one of five occupants of the machine that was injured.

There were other motor mishaps, but none of a serious nature.

Car Crashes Into Highway Fence, South Main

Glaring headlights of automobiles are believed to have caused an accident at the extreme southern end of South Main street Saturday evening when a car owned by Anna M. Waite, 2138 Hobart boulevard, Los Angeles, crashed into the high fence in making the turn.

One of the wheels of the automobile, a Peerless, was smashed, as well as a door and a fender.

The Waite car was being driven from Newport towards Santa Ana. Two other cars were going toward Newport. Both are said to have had glaring lights. One was turning west off South Main and the other was coming toward Main street on the Newport road just as the driver of the Waite car started to turn on to Main street.

The rear end of the Waite car swung into the highway fence on the east side of the turn. The car was not overturned. No one was injured.

Gets Ducked In Trying to Keep Car In Road

When H. E. W. Barnes, furniture man of Anaheim, got into a Tourist delivery car on South Main street, south of the Southern California Sugar Company's plant, to steer the car back to Santa Ana after the delivery car had been "hooked onto" a Kisselcar belonging to George A. Edgar of Santa Ana, the steering gear refused to work. Barnes, son-in-law of Edgar, jumped out of the delivery car and in trying to keep it from running into the ditch alongside the road, got into water up to his waist. Barnes had on a good suit of clothes. His effort to keep the delivery car from going into the ditch was unsuccessful.

Nelson Edgar, son of George A. Edgar, and Herbert Kendall, son of Charles S. Kendall, of Santa Ana, were driving the delivery car toward Newport when they found that the steering gear was ineffective. They telephoned for the Kisselcar to tow them back to Santa Ana.

Three Injured As Auto Hits Buggy; Horse Is Hurt

Saturday evening at about 9 o'clock an automobile headed for Santa Ana collided with a horse and buggy on the county highway one mile south of Anaheim. Mr. and Mrs. F. Ortiz of 1330 Grand avenue, Santa Ana, were thrown out of the buggy. They sustained cuts about the head but were otherwise uninjured. Robert Merkle of Santa Paula, who has been staying at the Allerton Hotel, Santa Ana, sustained a compound fracture of the right arm and a severe cut on the

ONE YEAR OF WAR HAS ENDED AND THERE HAS NOT YET BEEN A KING KILLED—BUT THINK OF THE HUNDREDS OF THOUSANDS OF WIDOWS AND THE BEREAVED HOMES OF EUROPE

THE CITRUS MARKET

NEW YORK, Aug. 2.—Thirteen cars oranges, two lemons sold. Oranges strong, slightly higher for the best; poor quality slightly easier. Lemons 25c to 35c higher. Averages—Oranges, \$3.31 to \$5.01. Highest—Old Mission, \$5.40. Weather unsettled; temperature, 75 degrees.

MENACE TO LABOR IS BILLY SUNDAY; THAT'S EMMA GOLDMAN'S SAY

PORTLAND, Aug. 2.—Emma Goldman today declared Billy Sunday was a "menace to labor." She asserted he was a tool of employers who wanted him to lull the workers to a state of contentment by asking them to return to their old time religion.

CROWDS RIOT AS BECKER FUNERAL IS HELD; MANY ARE INJURED

NEW YORK, Aug. 2.—Charles Becker was buried today. A small crowd of friends and relatives attended. Ten thousand people gathered in the vicinity of the Becker apartments as the funeral was held. The crowds were in an unruly spirit, and it became necessary for the police to charge them to disperse the gathering. Scores were more or less badly hurt as a result of the free use of clubs by the officers.

A crowd of 2000 gathered around the grave at Woodlawn cemetery. The caretaker stopped the funeral procession and inspected the floral offerings. He censured those bearing such inscriptions as "Sacrificed for politics" and refused to permit the funeral to enter the cemetery until the objectionable inscriptions were destroyed.

NEBRASKA DRIES

LINCOLN, Neb., Aug. 2.—The dry forces of Nebraska are girding up for a terrific battle during the year 1916. The campaign is to be formally launched at a convention to be held in Lincoln during the latter part of next month.

U. S. MARINES IN HAITI'S CAPITAL CONFISCATING ALL ARMS

WASHINGTON, Aug. 2.—Admiral Caperton today informed the War Office that American marines are searching Port-au-Prince and all arms are being confiscated.

Caperton has ordered all natives disarmed. Many Haitians are hiding their weapons.

Caperton has forbidden night gatherings. Food is scarce and the poor are suffering.

SCIENCE PROSTITUTED TO KILLING, ASSERTS AMERICAN DOCTOR

SAN FRANCISCO, Aug. 2.—Dr. W. W. Campbell, president of the American Academy for the advancement of science, today addressed a meeting of the academy declaring that war was a perversion of science.

He declared science was being prostituted to the work of inventing killing and crippling machines.

Civilization's remarkable advance during the past four centuries has been in spite of wars, and implements of warfare, he said.

BOAT RUNS ASHORE IN FOG; UNINJURED

CHICAGO, Aug. 2.—The lake steamer Manitou, one of the largest vessels on the Great Lakes, was accidentally beached at Wilson Point today. The vessel lost its way in a dense fog. The two passengers remained calm. The boat backed off the sand and resumed its voyage.

SECRETARY OF LABOR WELCOMED AT FAIR

SAN FRANCISCO, Aug. 2.—The exposition at San Francisco today formally welcomed Secretary of Labor Wilson who is attending the department of labor conference. Troops gave a parade. The preliminary organization of the labor conference has been effected.

SWIMMING MEET

BAR HARBOR, Me., Aug. 2.—Contests to determine Maine's champion swimmers began today.

S. A. V. I. BULLETIN

Run No. 1. Water is in ditch at L. K. C. T. Y. U. Chicago, Q. R. and D. down as far as Main street.

Run No. 2. Water will be in main ditch down as far as the Passmore place and be in Ditch A as far as Wanda station tomorrow.

SHOOTS ENEMY DEAD BEFORE THE EYES OF HORRIFIED CROWD

SAN FRANCISCO, Aug. 2.—Shaban Mehmet today shot and killed Lefer Airedin in the presence of many horrified spectators in a crowded grocery store.

The murder was the sequel to an old feud which originated in the Albanian mountains years ago.

Mehmet fired three shots into Airedin's back. Women shrieked and fainted and there was a near riot.

Mehmet was arrested.

MARSHAL LOSES AUTO GUN DUEL WITH FIREBUGS NEAR CHINO

CHINO, Aug. 2.—The entire populace is today hunting firebugs who started seven blazes last night, destroying \$20,000 of property.

The city marshal detected the arsonists escaping in an automobile and pursued in his machine. A running gunfight ensued. Finally the marshal's gasoline gave out and the arsonists escaped.

FARM PROBLEMS UP
COLLEGE STATION, Tex., Aug. 2.—Commercial, educational and financial problems connected with farming will be discussed in the Texas Farmers' congress which opened here today.

OSTEOPATHS MEET
PORTLAND, Ore., Aug. 2.—A thousand physicians from every part of the United States are here attending the nineteenth annual meeting of the American Osteopathic Association, which convened today.

BIG FREIGHTER IS ON ROCKS OFF GOLDEN GATE; DENSE FOG

SAN FRANCISCO, Aug. 2.—The American-Hawaiian freighter Georgian this morning struck Dixbury reef, sixteen miles north of the Golden Gate, and it is believed to be pounding to pieces.

The crew of forty are endangered. Captain Charles Nichols reports by wireless that he lost his way in the fog. The tugs Sea Fox and Sea Queen have been sent to stand by.

The Georgian left New York July 10, carrying several tons of general merchandise.

The American-Hawaiian Company has arranged to send a fleet of boats to rescue the crew.

Captain Nutter of the Point Bonita life-saving station, has started for the scene in a power boat with seven lifesavers.

TENNIS AT TACOMA
TACOMA, Wash., Aug. 2.—Pacific Northwest tennis championships are at stake in play that began here today.

BULLETIN

WASHINGTON, Aug. 2.—The Times states this afternoon that a well authenticated report says President Wilson has definitely decided to recognize Carranza.

MEXICANS CLAP AMERICAN INTO JAIL AS SPY

NOGALES, Sonora, Aug. 2.—Mexicans yesterday arrested Basil Woon, a newspaperman, on a charge of espionage. He was jailed but finally released.

POOR IN MEXICO EATING GRASS AND LEAVES

WASHINGTON, Aug. 2.—Charles O'Connor, the American Red Cross leader, today informed the State Department that Mexico City conditions are bad. The poor classes are eating leaves and grass and dead animals. He urgently requests America to alleviate the condition.

RUSSIANS FIGHT GALLANT REAR GUARD ACTION AS TEUTONS PRESS ON WARSAW

WASHINGTON, Aug. 2.—The British reply has been received. It rejects every American protest against the interference with neutral shipping and claims the right to seize cargoes suspected of German origin or bound to Germany.

The British Foreign Office quotes the American Department of Commerce report showing America's \$1,000,000,000 trade balance as proof that the British blockade has not injured American commerce.

It insists that Britain could prove that many shipments consigned to Scandinavian and Holland ports were really destined to Germany.

It reasserts the British right to hold up any shipment suspected to be for Germany.

The contents of the note will not be published before Wednesday.

The German note replying to the administration's last Frye communication was also received. It is deemed much less important than the British note.

Ambassador Page cabled that M. Dealy of San Francisco, was among the four Americans aboard the steamship Iberian, submerged last week. He stated that Muleter Wiley was the only American who perished. He is still seeking information, however.

PETROGRAD, Aug. 2.—The Russian army is fighting the most magnificent rear guard action of history.

Small forces of Slavs along the river Narew, west of Warsaw, are checking the Germans, while the main armies of Grand Duke Nicholas are steadily retreating towards a new line.

General Von Hindenburg's desperate efforts to smash the Narew line have been foiled, though thousands of Germans were withdrawn from the western lines of war to reinforce Von Hindenburg.

These, with withdrawals, gave the British and French a most favorable opportunity to launch an offensive, but none was attempted.

War Minister Polivanoff today addressed the Duma and declared the big Russian crops would enable the Slavs to continue the war for several years longer.

He said the Germans must be beaten at all costs, otherwise Europe would be Teutonized.

All reports agree that the Germans are losing heavily in attempting to smash the Slav rear guards.

At some points Russian counter attacks have forced the Germans to yield ground.

The Germans are using vast clouds of poison gases, following the use of artillery.

General Bulow is attacking the Russians at the northern end of the battle line but the battle is undecided.

WARNS EUROPEAN NATIONS AGAINST AMERICA

BERLIN, Aug. 2.—Prof. George Simmel, an authority on international politics, has written to the "Tagessblatt," declaring that America's position is that of a waiting lion at the deathbed of a rich testator.

He asks whether Europe is committing suicide to hasten America's succession to the world throne and points to America's rising power owing to the destruction of European powers.

He declares there is plenty of room in the world for Britain and Germany if England will give up her short-sighted policy, and suggests that with Germany and Britain working in harmony they could maintain peace and retain for Europe a place in front of the growing powers of America and East Asia.

He asserted America was sending munitions to help the old countries to destroy themselves. Europe, he says, sends fortunes to America and receives in exchange worthless things which it blows into the air.

America, he asserts, places arms in the hands of European nations hoping they will kill themselves, then takes the profits.

He asks if Europe is going to commit hari-kari.

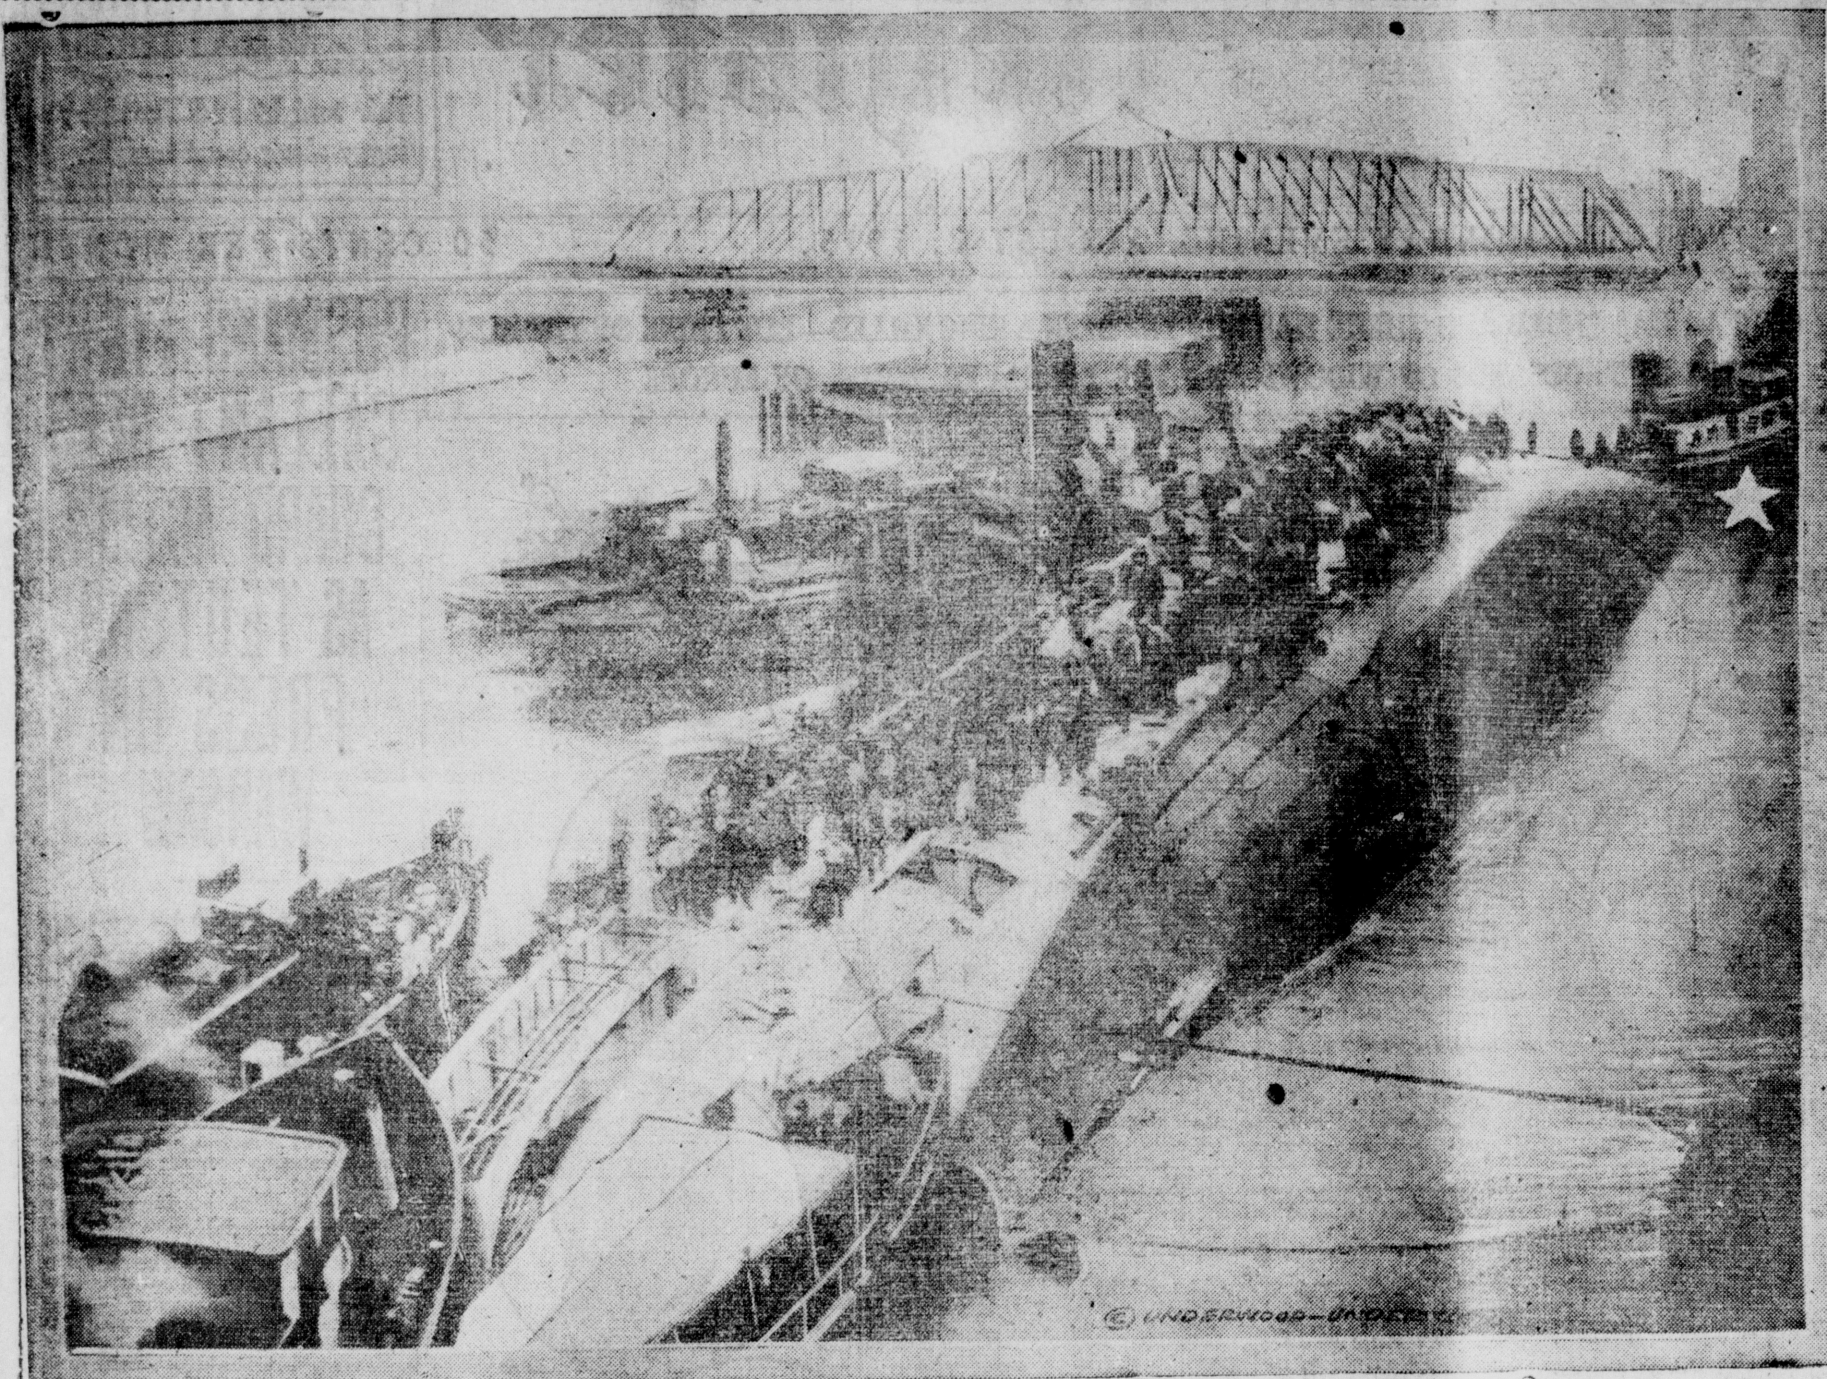

GERMANS NOT DECIDED TO ANSWER U. S. NOTE

BERLIN, Aug. 2.—This government has not as yet decided whether to answer the latest American note. A semi-official statement says the government is awaiting the text of the coming American note to Britain before replying.

GERMANS USE INCENDIARY BOMBS, FRENCH CHARGE

PARIS, Aug. 2.—The Germans to

neck. Merkle was in the automobile. The buggy was wrecked. The horse received about thirty cuts from the glass of the splintered windshield. It was at first thought the horse would have to be killed but it was later found that it has an excellent chance of recovery.

The automobile was only slightly damaged. In addition to the broken windshield a lamp was smashed and one of the front springs slightly bent.

The driver of the automobile claims that something went wrong with the steering gear and that he was unable to control the car sufficiently to avoid the collision.

Mr. and Mrs. Ortiz were driving

THE CHARM OF MOTHERHOOD

Enhanced By Perfect Physical Health.

The experience of Motherhood is a trying one to most women and marks distinctly an epoch in their lives. Not one woman in a hundred is prepared or understands how to properly care for herself. Of course nearly every woman nowadays has medical treatment at such times, but many approach the experience with an organism unfitted for the trial of strength, and when it is over her system has received a shock from which it is hard to recover. Following right upon this comes the nervous strain of caring for the child, and a distinct change in the mother results.

There is nothing more charming than a happy and healthy mother of children, and indeed child-birth under the right conditions need be no hazard to health or beauty. The unexplainable thing is that, with all the evidence of shattered nerves and broken health resulting from an unprepared condition, and with ample time in which to prepare, women will persist in going blindly to the trial.

Every woman at this time should rely upon Lydia E. Pinkham's Vegetable Compound, a most valuable tonic and invigorator of the female organism.

In many homes once children there are now children because of the fact that Lydia E. Pinkham's Vegetable Compound makes women normal, healthy and strong.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

toward Anaheim. When the smash occurred the shafts of their buggy were driven through the windshield. The vehicle was overturned and its occupants thrown out.

The piece of flying glass which cut Merkle in the neck narrowly missed Merkle's jugular vein. Merkle's companion was uninjured.

The horse is now in the care of a veterinarian at Santa Ana.

Five Have Narrow Escape As Car Goes Into Ditch

When the left fender of a car driven by P. I. Bird of Orange was raked by a car being driven by R. C. Staples of Fullerton, Bird jerked his steering wheel sharply to one side and caused his car to go off the Newport road, east of Paulinho, and into a four-foot ditch alongside the road. Bird's car was not overturned. With the exception of Mrs. Eliza Deal, who has been visiting with the Bird family, none of the occupants of the car was hurt. Mrs. Deal sustained a sprain of the knee.

Both the Bird car and the Staples car were being driven from Newport Beach yesterday afternoon. Staples, in passing Bird's car, cut in too sharply in front of Bird's car, faking Bird's fender.

Bird gave his steering wheel a sharp twist to the right. His car went into the ditch, ran part way up the other side, came down again and came to a stop right side up in the bottom of the ditch. The slight injury to Mrs. Deal was caused when she was thrown against one of the supports of the top of the car.

Others in the car were Mrs. Bird and daughter, Miss Lucile, and Walter Brubaker.

Motorists 'Gets' Row of Rural Mail Boxes

Ten of a row of twelve rural mail boxes at the corner of Highland and Flower streets were neatly moved down by an unknown motorist some time yesterday. How the automobile came to hit the row of boxes is unknown. It is reported that the man driving the car stopped, gathered up the boxes and placed them where they had been located. He went on before any one could get the number of his car.

Wheel Is Smashed By Long Beach Auto

It was reported to the police that a Mexican riding a bicycle was struck by an automobile at the corner of Fourth and Main streets yesterday. The license number on the automobile was 46212, assigned to Mrs. R. K. Van Deventer of Long Beach. The Mexican's bicycle was smashed. The accident was witnessed by Ed. Wall, J. Fiedler and J. E. Wilson.

Auto Truck Hits Tree On North Main Street

An auto truck registered by Arthur Rinaldi, 2330 Enterprise street, Los Angeles, ran into a tree in front of the A. C. Bowers' home, 4401 North Main street, yesterday morning at about 5 o'clock. It is said something went wrong with the steering gear of the car. Two men were riding the machine. One was thrown out. Neither was hurt. The car was only slightly damaged. The sides of the car bore the signs of the Fifth Street Store, Los Angeles.

Loss of memory is no calamity in case of a fool.

Panama Canal's rosy report shows it is playing both ends against the middle.

HARRY Z. ADAMS IS ARRESTED ON MISUSE-MAIL CHARGES; IS ORANGE MAN

(CONTINUED FROM PAGE 1)

books, it is declared, and false statements of assets and liabilities were advertised and sent through the mails, certified to by a public accountant who has been indicted; that large dividends were promised, but never realized, and that alleged advances in the value of the stock were not based on its intrinsic value.

History of Concern

It is recalled that December 24, 1910, Tennant organized the California National Life Insurance Company, with \$250,000 capital stock. In 1911 the Western Underwriting Company, the Arizona corporation, was organized, with a capital stock of \$500,000. It is alleged the defendants then issued to Tennant 100,000 shares of the Underwriting company stock in exchange for a contract between Tennant and the California National Life Insurance Company for services. It is also charged that Tennant contracted for the exclusive sale of the Underwriting company capital stock.

June 8, 1912, it is charged, the defendants organized the Western Underwriting and Mortgage Company, with a capital stock of \$500,000; June 15 they transferred the assets of the Western Underwriting Company to the Western Underwriting and Mortgage Company, and issued to stockholders of the former company stock in the latter, share for share.

It is charged the defendants sent misleading letters to H. W. Wilson, No. 2505 E street, San Diego, and to Joseph Poggi, Nestor, Cal. The alleged false statement was certified by Thurston & Longnecker, public accountants.

Another allegation concerns a deal in the stock of the Union Bank and Trust Company of Phoenix, Ariz., and assets of the Western Underwriting and Mortgage Company, by which it is said, \$100,000 of the assets were exchanged for 472 shares of this stock. Tennant some time before bought some of the bank stock at \$50 a share. The allegation is also made that later on the books of the Western Underwriting Company and the Western Underwriting and Mortgage Company were destroyed or hidden in this city, and that the latter company was dominated by dummy directors, and the names of M. I. Wright, F. H. Thompson, H. J. Rickliff, G. G. Smith, L. Powell and E. K. Brown are given as those of stenographers and chauffeurs. These later on were displaced by well-known business men as directors.

Letters written to Miss Elizabeth Toms, No. 760 Fair Oaks avenue, Pasadena; Mrs. C. G. Witt, San Diego, and Mrs. Sue A. McLennan, Escondido, are given as overt acts.

Miss Louise Lee Schuyler, who has been awarded the gold medal of the Institute of Social Science for distinguished service for humanity, began her work during the civil war and has devoted forty years of her life to social service in the state of New York. She is now in her seventy-seventh year.

1916 Maxwell

\$655

Including Electric Starter
and Electric Lights

The "Wonder Car"

All Low "First-Cost" Records Broken

The new 1916 Maxwell shatters all low "first-cost" records for a real automobile. Think of it—a full 5-passenger car—an absolutely complete car, with electric starter, electric lights, high-tension magneto, and every refinement—a luxurious car—a beautiful car—a powerful 50-mile-an-hour-car,—yet a light-weight real economy car—for \$655

All Low "After-Cost" Records Broken

The "first cost" of an automobile is a big consideration to any sane man, but the "after cost" is an even bigger consideration to any man who wants to remain sane in his automobile investment.

The "after cost" or upkeep is what a car costs you to maintain, run, and enjoy, after you have bought it, and it is mighty hard to enjoy an automobile if it costs you too much to run.

The Maxwell has lowered all economy records for:

- 1st—Miles per set of tires
- 2nd—Miles per gallon of gasoline
- 3rd—Miles per quart of lubricating oil
- 4th—Lowest year-in-and-year-out repair bills

1916 Maxwell High-Priced-Car Features, all included for \$655

Electric Starter and Electric Lights	Electric Horn	Automatic Tell-tale Oil Gauge
Demountable Rims	Wider Front and Rear Seats	Heat-treated, Tested Steel Throughout
High-tension Magneto	Aluminum Transmission Housing	Easy Riding and Marvelous Flexibility
"One-man" Mohair Top	Handsome Rounded Radiator and Hood	Unusual power on hills and in sand
New Stream-line Design	Robe Rail with back of front seat leather covered	Ability to hold the road at high speed
Double Ventilating Windshield, (clear vision and rain-proof)	Linoleum covered running-boards and floor-boards	Improved Instrument Board with all instruments set flush

Every feature and every refinement of cars that sell at twice its price

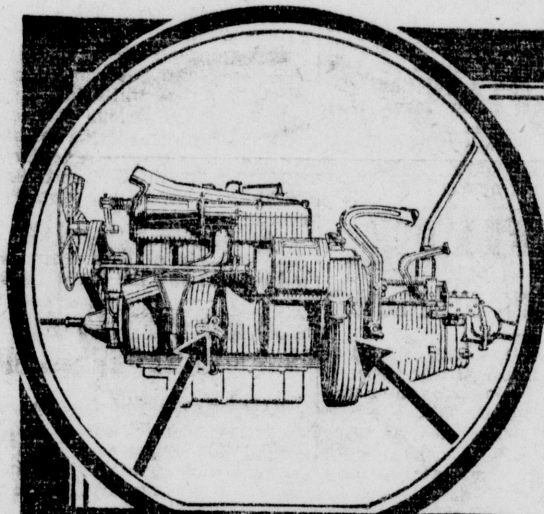

PRICE F. O. B. DETROIT

Come in and see the 1916 "Wonder Car." Ride in it—give it every test you can think of. Telephone or write for a free demonstration

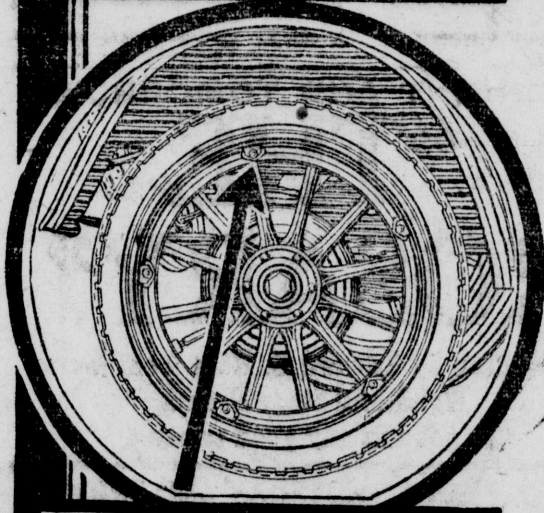

C. B. PERRY, Agent

THE SECOND YEAR OF THE WAR

One year ago this week the long-brewing troubles in Europe culminated in war. It has been a year of continual battles on land and sea, with very little apparent advantage to any nation concerned.

The average American reader, confronted with the bewildering maze of claims and counter-claims issued by each nation, feels it impossible to estimate the real progress that is being made by either side.

The strict military censorship prevailing in all the war-torn countries is responsible, in large measure, for this confusion. No nation will permit the uncensored publication of its defeats. Its victories may be, and doubtless are, colored somewhat.

In presenting to its readers today one of the most comprehensive summaries of this year of war, The Register wishes to emphasize that none of these reports represents the personal or official feelings of this newspaper.

Each of the three great nations engaged in the war—England, Germany and France—are covered in these reports by a trained war correspondent, especially assigned to the task by the United Press, that great news-gathering machine which serves the Register.

These men are on the ground—each in the country he is assigned to. Presumably they are familiar with conditions of which they write. Their mission is not to color their articles, but to tell what progress has been made by that particular country. Their information, coming as it needs must, from the government and army officials of such countries MAY be colored. That is something the correspondents cannot avoid.

An honest endeavor has been made to get only the facts, to reflect the spirit of each country.

The reports are interesting in the extreme. Of necessity, they are lengthy. But none the less are they worth reading.

SAFE ICE CREAM

With the coming of summer there is, naturally, a largely increased consumption of iced products. Conspicuous among these is that ever delightful commodity, ice cream. Unfortunately, however, there are as many formulas for the preparation of this delicious and highly edible substance as there are manufacturers who make it. A note in the current issue of the Bulletin of the North Dakota Agricultural Experiment Station calls attention to a few of the modifications extant in that state:

Ice creams in this state are supposed to contain 14 per cent of butter-fat. This corresponds with the standard in a majority of other states. There are those, however, who furnish a product containing from 6 to 10 per cent of butter-fat, using a thickener, gelatin, gum, rennet, etc., for the purpose of giving the cream the appearance of richness. This is a fraud and works a hardship on the man who is endeavoring to produce a good article. On the other hand, there are those who do not take sufficient interest to know what they are doing or are not posted as to the fat content which they use and so are giving to the public ice cream containing from 18 to 22 per cent of butter-fat. Such ice cream is too rich and is not as satisfactory as that containing approximately 14 per cent.

If fruit is used, then the per cent of butter-fat is slightly reduced to 12 per cent.

Pure ice cream should contain no gelatin, but if gelatin is used then the product must be labeled, sold or dispensed as gelatin ice cream.

A great deal is said about the necessity for gelatin. The writer has not been able to follow all the arguments in favor of gelatin, but in a number of instances is convinced that the use of gelatin is for the purpose of selling more air at ice cream prices. Ice cream is sold by the measure and if you can work in enough air so as to convert one gallon of ice cream into two gallons, there is a big profit, and that is one of the reasons for using gelatin.

The question of the preparation of a satisfactory ice cream, according to The Journal of the American Medical Association, involves the consideration of numerous factors, including not only the type of milk or cream which forms the basis, but also the use of thickeners and the various methods of preparation. The possible entrance of numerous germs must be considered. Physicians should inter-

est themselves, and make sure that the material offered for their own consumption, and for that of their patients, is in accord with the highest standards set for such products.

GOOD WORK

A reader of the Register calls attention to, and requests the publication of, the facts concerning the facilities afforded by the State Labor Bureau for the collection of wages wrongfully withheld; for it is a fact that for the first time in the history of the state the working men and working women have a place to go and obtain assistance, in so doing, without cost.

The State Labor Bureau is doing a magnificent service in this connection, and when the new non-payment of wages law becomes effective in a few weeks, the ability of the state to aid the men and women who must earn their living by the sweat of their brow will be greatly increased. Over \$11,000 in labor claims will be collectible as soon as the new law becomes operative.

One of Governor Johnson's first recommendations to the legislature of 1911 was the enactment of two laws to improve the conditions of the working men and working women. These two laws—known as the payment of wages law and the pay check law—stand out as milestones in the movement to improve the condition of labor.

During the first year of the operation of these two laws, 1899 claims for wages were filed with the State Labor Bureau and investigated. The bureau succeeded in collecting, without a single cent's cost to the wage earner, 1292 of these claims, amounting to \$24,445.

Had the men and women claimants been compelled to resort to the collecting agencies for the collection of their wages, they would have received less than \$5000 out of this amount.

PATRIOTISM AND POLITICS

The New York Tribune is a Republican paper which will hardly be accused of undue friendliness for a Democratic president. It has consistently opposed President Wilson in nearly all fundamental matters of domestic politics. But with the Tribune, as with all genuinely American newspapers, questions of partisan politics "end at the water's edge." The Tribune therefore prints the following remarkable editorial, headed "An Appeal to Americans," by way of comment on such papers as are now confusing American politics with European quarrels:

German propagandist journals are already printing tabulations of the loss of Democratic votes incident to Mr. Wilson's performance of his duty. This is an impudent and intolerable assertion of the doctrine that the president of the United States must think of the votes of those frankly devoted to alien interests when national honor and national interest are at stake.

In this situation there is just one thing for Republicans to do. Their support of a president defending American lives and rights must be complete and unflinching. American Republicans must replace German Democrats in the national alignment. The president must know and feel that at the water's edge all questions of partisan politics end.

MORTGAGE LIFTER

OKLAHOMA CITY, Okla., Aug. 2.—Authorities expect today to have in full operation today the state's new Home Ownership law, whereby Oklahomans can obtain money to lift mortgages, and to make permanent improvements on farms and homes. Not more than \$3000 can be loaned to any one person—but that's a whole lot when it comes to lifting a mortgage on the old home.

"ARE WE LAW-ABIDING? AND IF NOT WHY NOT?"

In an editorial of the Santa Ana Register of July 28, entitled as above, there was placed before us a mirror in which we might see ourselves as others look upon us. The question merits the thoughtful consideration of every citizen interested in the public welfare. The facts in the editorial and in responses to the editor indicate that the valuable pavements of our streets are being cut and not properly restored to their former condition and state of usefulness; that Johnson grass is spreading over the lots and parking in some portions of the city; and it may be added, that the condition of Fourth street pavement does not truly represent the standard of pavements suitable to the class in which we list our city.

These facts indicate that at times there is a thoughtless disregard of the rights of others. This, no doubt, comes from the head and not from the heart, because it is not always clear what our duty is and where the responsibility rests. Furthermore, matters of this kind, in most all instances do not receive due public attention, which places the people "in pari delicto." In order that we may know what ought to be done in cases of this kind I herewith submit the law applicable, viz:

Control of Streets
The highways of a state, including the streets in cities, are under the paramount and primary control of the legislature. But the legislature is at liberty to delegate the supervision, control and maintenance of the highways and streets respectively to the county and city governing bodies, and in local matters this is done almost without exception in the various states.

Public Service Corporations
In this state the legislature has provided that when cities or towns grant a right of way to street railroad corporations it must require a strict compliance with certain named conditions, one of which is that the railroad must pave the entire length of the street, used by its tracks, between the rails and for two feet on each side thereof and between the tracks, if there be more than one, and to keep the same constantly in repair, flush with the street and with good crossings. C. C. 498, sub. 2.

It has also been held that the pavement must be of the same kind and grade as used by the city.

Excavating Pavements
The common council, by ordinance approved by the mayor, may grant and water companies the privilege of laying pipes in the streets and alleys of this city, but it must require the laying down of the pipes to be under reasonable direction of the city authority and to be so laid as to DO NO INJURY to the proper use of the paving. Pol. Code 4410-4411.

Under the state constitution, as amended in 1911, cities may enact ordinances requiring a certain showing to be made prior to an excavation and also HOW THE EXCAVATION IS TO BE RESTORED. Art. XI, Sec. 19, construed in re-Russell 126, Pac 875, Cal.

Obnoxious Weeds
The city council of every municipality in this state may condemn as pub-

lic nuisances, any or all weeds with seeds of a winged or downy nature which may be and are spread by the winds, and the city may compel the eradication of such weeds by the owners of the lots wherein they grow or at their expense. (Statutes 1893, p. 153, as amended 1909, p. 331, and affirmed 1913, p. 596, sec. 21.)

Johnson Grass, Etc.
The legislature has provided that it shall be unlawful for any person owning, controlling, leasing or possessing land in this state, to knowingly permit to mature, either, Johnson grass, and various thistles, to-wit: Canadian, Russian, Scotch and Bull. It is also unlawful to sow the same upon said land, roadway and ditches, or permit them to disseminate their seed. Any person convicted of a violation of this act may be fined not to exceed \$100, or imprisoned in the county jail not to exceed three months. (Statutes 1907, p. 876.)

Official Duty
The law of this state is that it is presumed official duty has been regularly performed; and that the law has been obeyed. (C. C. P. 1962.) As a matter of fact public officials have so many things to look after and their duties are so complicated that we may not expect of them a personal investigation to ascertain whether or not the law has been obeyed in all matters within the scope of their jurisdiction. They are at liberty to await a complaint from the public on all matters which are not directly under their charge. I am sure a voluntary bona fide co-operation with them on such matters will be gratefully appreciated.

Remedy
In regard to the condition of the pavement, the street superintendent has original jurisdiction to receive complaints and in event he is unable to remedy the defects, it is proper to petition the city council to act in the matter.

In regard to the obnoxious weeds, if there is a city ordinance the city attorney will attend to the matter. If there is no ordinance it may be proper to have the district attorney serve notice on known offenders and notice by publication on all others.

Further Suggestions
There is nothing so essential to the general welfare of a community as an unselfish public interest of individuals in all matters of that nature. All points raised in the editorial mentioned and in responses thereto are well taken, and should be systematically followed up until settled. I suggest that a specimen of each of the obnoxious weeds be placed on exhibit in each of the public schools of this county and other public places in order that the public may know that such weeds are obnoxious and that the law requires their extermination. The law gives the technical name of each of the weeds, and specimens may be obtained by students of botany in the regular course of study and donated to public use.

WM. F. ATER.

HOW TO KEEP WELL

By CHAS. G. PERCIVAL, M. D.
[A Series of Articles.]

Proper food, properly cooked and properly eaten plays a great part in obtaining and keeping perfect health.

There is a great need for the people of this nation for proper instruction in diet. Few people know the right kind of food to eat at the different seasons of the year and not always does custom prove a good guide.

Upon the diet of a nation lies its importance among the nations of the world. So important has become the question of a proper diet that many of the large industrial plants hiring men into the thousands have hired expert dietitians to go thoroughly into the matter for the benefit of its help.

One food expert so employed evolved the following valuable advice which the concern in question issued as a bulletin to the wage earners on its pay rolls:

Blood-making foods are a delusion. All good foods when well digested make good blood.

Constipating Foods—White bread, rice, boiled milk, soup, etc.

Laxative Foods—Whole wheat bread, fresh vegetables, fruits, corn products, etc.

Avoid extremes of heat and cold in food and drink.

Chew your food; your stomach has no teeth.

There are five types of food, as follows:

1. Proteins. Make and repair tissue. Consist of eggs, cheese, nuts, beans, peas, flesh, fowl, lentils, etc. Very important food elements. Concentrated foods. Most expensive type of food. Apt to be constipating. No storage places for them in the body. Avoid excess.

2. Fats. Heat producers. Consist of cream, cheese, fat meat, butter, olives, nuts, olive oil, etc. Excess fats delay stomach digestion.

3. Carbohydrates. Energy producers. Consist of sugar, starch, etc. They are the most abundant of all food elements. Consist of starchy foods, cereals, bread, macaroni, figs, raisins, dates, fruits, etc. Starchy foods should be thoroughly cooked. Excess stored in liver and muscles. Laxative tendency.

4. Sugars. Are energy producers as found in fruits, but not cane, beet, or maple sugar. Require but little or no digestion. All fruits, raisins, dates, figs, etc.

5. Mineral salts. Nerve stimulants and bone builders. Small but important part of human sustenance. Greens, lettuce, cereals, vegetables, fruits in general. Spinach and tomatoes rich in iron. Baked foods contain more salts than boiled foods.

Ill health means misery; therefore to guard one's own health and to make the community healthy contributes directly towards the world's happiness. During the first year of President Wilson's administration, there was much anxiety lest he should break down. Of late his health seems to be better, largely because he takes better care of himself. He not only takes abundant exercise, but he takes

plenty of sleep and wants nine hours. He is a firm believer in the simple life. He seldom remains up later than 11 o'clock, and even on the night of his inauguration it is said that he excused himself at 10:30 and retired, so the orders are "lights out" at eleven—a contrast to the midnight lights often burning to two and three o'clock in the morning when President Taft was in the White House.

A correspondent asks about sneezing. Sneezing may be due to a number of causes. Sunlight will cause sneezing, also the pollen of certain plants. There are few people who will not sneeze in the presence of dust. When one has a cold sneezing is due to Nature attempting to cure. Sneezing generates heat for warming the blood and preventing you from taking more cold, to help relieve the cold you have and so does shivering. One does not sneeze with his nose, but with the entire body. During the act every muscle of the body gives a jump, a sort of spasm that warms the entire system. When sneezing "as a cold symptom" seizes a person, a deep breathing exercises will often help to check the attack.

M. N. writes: "Why does everybody try to have the light over the left shoulder when they read?"

Answer: This is a fact easily demonstrated. Try the following and you will never forget it.

Take a pencil and paper and try to write while in such a position that the light will fall from the right side. The shadow of the hand or pencil or both is thrown on the paper in such a way as partly to cover the characters one is making. This necessitates a closer view point and a conscious strain on the eyes. Now let the position of the writer be reversed so that the light falls on the work from the left side. He will notice that the shadows fall away from the work he is doing and leaves the field unobscured. In making the change he cannot help but notice the feeling of ease that is experienced by the eyes. This applies to any other kind of near work in which the fingers work under the guidance of the eyes. The fact should be remembered in planning school rooms, work rooms, offices and places where steady, close work is to be performed.

M. W. S. asks for treatment in diarrhoea of infants.

Answer: Little children with infantile diarrhoea have been cured by internal baths of salt or sea water, a method which has been used in England and France with great success. Internal baths of hot water are quite effective in stomach and bowel troubles in either babies or grown people.

NOTICE OF SALE

In the Superior Court of the County of Orange, State of California.
No. 5904. Deft. 1.

In the Matter of the Estate of L. M. Edwards, Deceased.

Notice is hereby given, that, in pursuance of an order of the Superior Court of the County of Orange, State of California, made on the 30th day of July, 1915, in the matter of the estate of L. M. Edwards, deceased, the undersigned, the Executor of the estate of L. M. Edwards, deceased, will sell at private sale, in and to the highest bidder, upon the terms and conditions hereinafter mentioned, and subject to confirmation by said Superior Court, on or after the 18th day of August, 1915, all the right, title, interest, and estate of the said L. M. Edwards, deceased, known as L. M. Edwards, deceased, at the time of his death, in and to the real property hereinafter described, and all the right, title, and interest that the said estate has, by operation of law, or otherwise, acquired, other than or in addition to that of said deceased, at the time of his death, of, in, and to that certain lot, piece, or parcels of land situated, lying, and being in the County of Orange, State of California, and more particularly described as follows, to-wit: Lots fifty-three (53), fifty-four (54), fifty-five (55), fifty-six (56), fifty-seven (57), fifty-eight (58), fifty-nine (59), sixty (60), sixty-one (61), sixty-two (62), sixty-three (63), sixty-four (64), sixty-five (65), sixty-six (66), sixty-seven (67), sixty-eight (68), sixty-nine (69), seventy (70), seventy-one (71), seventy-two (72), seventy-three (73), seventy-four (74), seventy-five (75), seventy-six (76), seventy-seven (77), seventy-eight (78), seventy-nine (79), eighty (80), eighty-one (81), eighty-two (82), eighty-three (83), eighty-four (84), eighty-five (85), eighty-six (86), eighty-seven (87), eighty-eight (88), eighty-nine (89), ninety (90), ninety-one (91), ninety-two (92), ninety-three (93), ninety-four (94), ninety-five (95), ninety-six (96), ninety-seven (97), ninety-eight (98), ninety-nine (99), and one hundred (100) of said Santa Ana Acres and water pipes leading therefrom, and right of way 50 feet wide from Sullivan Street to the pumping plant.

Subject to right to use a strip 5 feet wide at rear and side of each lot for water pipes and ditches.

Terms and conditions of sale: Cash, in gold coin of the United States; ten per cent of the purchase money to be paid at the time of sale; balance on confirmation of sale. Deeds and abstract at the expense of the purchaser. The purchaser to assume the payment of, and take the property purchased by him subject to, all the state and county taxes, and all assessments of whatsoever name or nature, which are now or may become hereafter chargeable to or a lien against the property purchased by him.

All bids or offers must be in writing, and may be left at the office of Clyde Bishop, attorney for said executor, at 114½ West Fourth Street, Santa Ana, California, or may be filed in the office of the clerk of this court, at any time after the first publication of this notice and before the making of the sale.

Dated July 31st, 1915.
EFFIE F. EDWARDS, Executor.
CLYDE BISHOP, Attorney for Executor.

RAPIDLY RECOVERING FROM BURNS BY BOMB

Glenn Martin to Deliver Warplane to Netherlands—Many Orders Ahead

With his right arm bandaged, Glenn L. Martin, the aviator, was here yesterday for a visit with his parents, Mr. and Mrs. C. Y. Martin. Martin received a severe burn that reached all the way from the tips of his fingers to above his elbow a week ago yesterday when what he supposed was a smoke-bomb exploded in his hand. Bombs had been furnished him by a moving picture concern upon the solemn pledge that they would not explode, but merely make smoke. They were to be used in a war scene.

Martin tried one of the bombs, having no doubt it was all smoke. It exploded. The arm was not only burned but was peppered with powder. He left the hospital Friday.

In about a week Martin will deliver two giant war-planes to representatives of the Netherlands government. At present there are sixty-six men employed in Martin's factory. He has orders ahead to keep going for some time, with prospects of other orders aggregating \$200,000.

HORSES BURNED IN FULLERTON BARN FIRE

FULLERTON, Aug. 2.—Four horses were badly burned in a fire that destroyed a barn belonging to W. Patillo at 3 o'clock this morning. Two of the horses had to be shot, a veterinary surgeon declaring that there was no chance for recovery. The other two horses are also badly burned, and they also may have to be killed.

The barn and twelve tons of hay were destroyed. The total loss was about \$1000, with no insurance.

PASADENA BOASTS 74 DIFFERENT KINDS OF DOGS, COUNT 'EM

PASADENA, Aug. 2.—A dog census taken here showed that seventy-four different varieties of canines composed the city bow bow population. Of these 151 are just plain dogs. The cocker spaniels run the curs a close second with 103. There is one bloodhound in town, and many varieties of bulldogs, numbering nearly 200 in all.

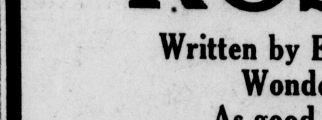

BRITISH CORPORATION, CAPITAL \$35,000,000 TO BUCK STANDARD

SAN FRANCISCO, Aug. 2.—First guns in the impending oil war between the Standard Oil Company and the Shell Company of California, a corporation backed by British capital, were fired here when the British concern filed articles of incorporation. Its capital stock in worth \$35,000,000, according to documents filed. If the battle develops into a price cutting affair, owners of automobiles will probably profit greatly thereby.

650 MIDDIES AT BIG FAIR SEEING SIGHTS

SAN FRANCISCO, Aug. 2.—Six hundred and fifty Annapolis midshipmen visited the exposition today. They paraded and gave an exhibition drill. They will remain until August 14.

Who has moved? Why, the Russell Motor Sales Co. Used cars that are worth while. Fifth and Bush.

Doings In Social and Club Circles

ENJOY MERRYMAKING

Twins Share Happy Birthday Celebration at Pomeroy Home

A bevy of playmates and little friends joined in happily celebrating the birthday of Misses Mary and Lucretia Pomeroy, the winsome little twin daughters of Mr. and Mrs. E. V. S. Pomeroy, who passed their eighth milestone Saturday.

A variety of out-of-door games merrily whirled away the hours and late in the afternoon the children were called to the dining room for a delightful birthday spread.

This pretty room had been decorated by Mrs. N. H. Cox, assisted by little Miss Lucretia and they had chosen a cheery color scheme of red. Streamers of bright crepe paper floated gaily from the central chandelier to corners of the room, strands also being anchored at the dining table, graced by a lovely mass of red canna lilies. Electric lights cast a rosy glow through drapings of red, this color also being honored in the candy mints and candies swirled on the delicious devil's food birthday cake which was served with an abundance of ice cream.

The small hostesses were showered with gifts that will give them much pleasure in days to come and those joining in the happy event included Maude McConnell, Dorothy Fritz, Lois Perry, Mary Michael, Hazel and Lorraine King, Helen Whitehouse, Rosalie and Dolores Doyle, Marguerite and Genevieve Sweeney, Ned Johnson, Hubert Cox, Leon Townsend, Dick Malone and James Walker.

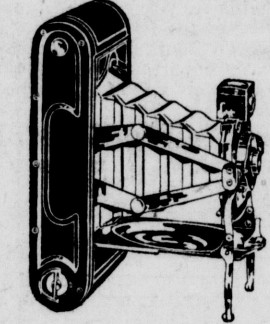

Rev. and Mrs. Richard Whitehouse, Mr. and Mrs. Chas. Osborne, Mrs. L. M. Doyle, Mrs. N. H. Cox and Mrs. Chas. Perry assisted Mrs. Pomeroy in giving the children a good time.

Splendid Union Meeting
The Union services in the different churches are being greatly enjoyed by all those in attendance. At the German Evangelical church last evening Rev. Scarborough preached a very able sermon on "The Power of Prayer," which was a spiritual uplift to all present. Prayer is the greatest factor in the life of a Christian.

The music under the direction of Mrs. Lola Cochran Calvert, deserves special mention, as the various numbers were rendered with earnestness and devotion. The voices in the regular chorus choir presented the anthem "The Lord is My Light" very effectively.

The Keuchell sisters beautifully sang a duet, "Through the Valley of the Shadow," one of Mrs. Calvert's own compositions, touching the hearts of every listener.

NOTE OF THANKS

Associated Charities Appreciate Co-operation and Interest of Citizens

The officers and directors of the Associated Charities are much gratified over the success of the ball game between the lawyers and the Chamber of Commerce at the Poly high on Saturday, and desire publicly to express their most hearty thanks to all those who graciously gave their time and efforts; to the players on both sides, and to the following young ladies who entered so enthusiastically into the task of distributing tags: The Misses Vivian Cox, Elizabeth Dunnagan, Marie Harris, Dorothy Twist, Muriel Cravath, Cecil Foss, Helen Stanley, Agnes Wylie, Effie Wyle, Esther Florio, Ollie Cravath, Myrtle Law, Gwendolyn Hoyle, Velma Cargay, Grace Cargay. Assisting these young ladies, in this work were Mrs. Carrie J. Drake and Mrs. Carlton Garnett.

Special thanks are due to J. C. Metzgar, secretary of the Chamber of Commerce, for having originated the plan and for attention to the details of carrying it out. Mr. Shattuck, manager of the Tustin Packing Company, very kindly donated a box of lemons, which were used in making lemonade on the grounds and the Elks loaned their punch bowl, steins and glasses for this purpose. We are also grateful to the daily papers of Santa Ana for advertising, printing and notices.

The Associated Charities wishes to take this occasion to express to the people of Santa Ana its hearty appreciation for the sympathetic attitude towards its work and their cordial response to appeals for recognition and aid. The society hopes to merit the continued confidence and support of the citizens of Santa Ana.

E. M. NEALLEY,
President Associated Charities.

WED IN LOS ANGELES

Former Member of Company L Now on Honeymoon Trip

A wedding of interest to many Santa Ana friends of George E. Slocum, son of Mr. and Mrs. George Slocum of West Orange, occurred yesterday at high noon at the Trinity M. E. church, Los Angeles, when the former claimed as his bride Miss Lauretta Ogden of the Angel City.

The ceremony was witnessed by only members of the immediate family, Mr. and Mrs. George Slocum and daughters Ethel and Ellis Slocum being among the guests. After the wedding the bride and groom sailed for San Francisco, where they will spend their honeymoon.

Mr. Slocum was formerly a Santa Ana boy, a graduate from the local high school and Orange County Business College and an old time member of Company L. He went to Los Angeles eight years ago and is now foreman in the Southern California Box factory.

Joint Meeting of "Ys"
The Santa Ana "Ys" will hold a joint meeting with the Anaheim and Tustin "Ys" tomorrow evening at the home of Senator Anderson on Wellington avenue.

This is an important meeting, as delegates will be elected and committees appointed for the state convention.

Owing to the illness of the superintendent, Mrs. F. H. McGilre, Mrs. J. N. Anderson will have charge of the appointments.

Return From Berkeley
A number of Santa Ana and Orange teachers have returned from the summer session at Berkeley University where 5000 regular students were enrolled.

Among the Santa Anans taking the six-weeks' course were Mrs. Grace Allen, Misses Elizabeth Wyant, Mary Swann, Louise Streichenbach, Rosa Clausen, Georgia Smith, Elizabeth Bashore, Nelle Maris Remsburg, Helen Johnson, Tawney; Mr. and Mrs. Emory Ratcliffe, Mrs. George Smith and Mr. Dana Hammond, Miss Lulu Finley, principal of the Orange Intermediate school, and C. J. Thomas, manual training instructor.

Meet in New Home
The Ladies Aid Society of the congregational church will meet Wednesday afternoon at 2 o'clock at the new home of Mrs. James Henry, 310 South Main street. Every member is urged to attend.

Merry House Party
Miss Louise Grubb is entertaining a few college friends of Sycamore lodge, Pomona, at a merry house party at her home on Edgewood road. The young ladies include Misses Lucile Jones, Edith Avison and Kathryn Gilbert of Long Beach; Miss Jessie Knox of Ocean Park and Miss Gladys Fritz of Redondo Beach.

Entertain at Dinner
Mrs. Peter Rittner of Washington avenue entertained with a delightful informal dinner party Saturday evening, covers being laid for Mr. and Mrs.

Rittner, Mrs. Nat Brown of Omaha, Neb., Mrs. Edna Kyle, her son, Harold, Miss Kappy Rittner and Will Rittner.

Mrs. Eda Kyle was hostess yesterday at dinner, her guests being Mr. and Mrs. Alvy Rittner of Orange, Mr. Rittner's mother, Mrs. Stewart of Missouri and Mrs. Nat Brown of Omaha. In the afternoon Mr. Rittner took the party to Fullerton in his big Paige touring car.

Personals

Mr. and Mrs. Laurence Bristol and son, Horace, who have been living on the Horace McPhee ranch near Villa Park for several months, have returned to Los Angeles to reside. Their household goods followed them by motor truck today.

Mrs. Juliette Lacy of Van Buren, Ark., who is spending the summer in Los Angeles, is making a several days' visit to Mr. and Mrs. J. W. Murray of Edgewood street. Mrs. Murray's mother, Mrs. Lela Lacy, is also a guest of the Murrays.

Mr. and Mrs. Jack Taylor of 521 South Sycamore street are entertaining their daughter-in-law, Mrs. Bert Taylor, and children, Jack and Juliette, of Los Angeles for a few days. Mr. Taylor also spent the week-end with his parents, returning to the city this morning.

Mr. H. W. Lawrence left on the Owl Sunday evening for San Francisco for a couple of days' stay at the fair. From there he travels East to his old home in Meadville, Pa., to be gone four or five months.

Stanley Harvey, son of Judge and Mrs. Harvey, of Manila, came over from Long Beach for a week-end visit at the home of Mrs. Olive Lopez.

Mrs. J. A. Stevenson was among Santa Anans in Los Angeles today.

George S. Briggs, son of Judge and Mrs. Briggs, of the Salt Lake line, will leave tomorrow morning for a hunting trip at Yellowstone Park. They will travel via the Salt Lake line.

Fred Ross made a business trip to Los Angeles today.

Mrs. E. C. Jones of 419 East Fifth street enjoyed a Sunday visit from her cousins, Mr. and Mrs. William Fahey and A. T. Brooks of Los Angeles.

Mrs. Nellie Young of West Orange went to Los Angeles this morning to spend a couple of days.

Lulu B. Finley, who has been attending summer school at Berkeley, orders her Register discontinued at Berkeley and sent to 634 French street, Santa Ana—which, evidently, means that she is coming home.

Mr. and Mrs. Frank Baird and Mrs. Oliver White and daughter from River Falls, Wis., have been visiting at the home of C. W. Davies, Edgewood Road, leaving here for San Diego.

Rev. and Mrs. Richard Whitehouse and little daughter, Helen, have arrived from Reddy, Cal., for a month's visit with Mr. and Mrs. E. V. S. Pomeroy, Rev. Whitehouse being on his summer vacation.

Joe Bennett and daughter, Miss Bessie Bennett, of Fletcher, S. D., were week-end visitors at the home of Mr. and Mrs. L. M. Doyle.

Misses Rosa Clauson, who has been attending the Berkeley summer session, accompanied by her sister, Miss Alice Clauson, who spent two weeks at Berkeley and the San Francisco exposition, returned yesterday by boat.

Mr. and Mrs. Frank Baird and Mrs. Oliver White and daughter from River Falls, Wis., have been visiting at the home of C. W. Davies, Edgewood Road, leaving here for San Diego.

Rev. and Mrs. Richard Whitehouse and little daughter, Helen, have arrived from Reddy, Cal., for a month's visit with Mr. and Mrs. E. V. S. Pomeroy, Rev. Whitehouse being on his summer vacation.

Joe Bennett and daughter, Miss Bessie Bennett, of Fletcher, S. D., were week-end visitors at the home of Mr. and Mrs. L. M. Doyle.

Misses Rosa Clauson, who has been attending the Berkeley summer session, accompanied by her sister, Miss Alice Clauson, who spent two weeks at Berkeley and the San Francisco exposition, returned yesterday by boat.

Mr. and Mrs. Frank Baird and Mrs. Oliver White and daughter from River Falls, Wis., have been visiting at the home of C. W. Davies, Edgewood Road, leaving here for San Diego.

Rev. and Mrs. Richard Whitehouse and little daughter, Helen, have arrived from Reddy, Cal., for a month's visit with Mr. and Mrs. E. V. S. Pomeroy, Rev. Whitehouse being on his summer vacation.

Joe Bennett and daughter, Miss Bessie Bennett, of Fletcher, S. D., were week-end visitors at the home of Mr. and Mrs. L. M. Doyle.

Sweeney is a sister of Mr. Doyle.

Mrs. N. W. Hawkins enjoyed a week-end visit from her brother, J. C. Gardiner, Los Angeles. While here Mr. and Mrs. Hawkins took their guest on a pleasant auto trip to the Orange County Park and Balboa.

Judge Robert A. Creigmore and wife of Osgood, Ind., enjoyed a few hours Sunday with old friends, August Michel and family, who were former residents of the Hoosier state. Judge and Mrs. Creigmore are touring the west and were en route to San Diego.

Mr. and Mrs. Jack Palmer, accompanied by Mr. and Mrs. Nelson Stafford, enjoyed a trip to Riverside yesterday via automobile.

GETS CONGRATULATIONS ON SPEEDING ATTITUDE

Justice Cox has received two letters in regard to his refusal to allow the dismissal of the charge of speeding against Madame Schumann-Heink, the grand opera singer. One of these letters is from C. E. Buell, formerly of Santa Ana, now of Los Angeles, in which appears the words: "I want to pat you on the back. Bully for you." Buell says it is time that everyone understood that the laws of land apply to all people, as well as to "us poor devils who drive a horse."

The other letter contained a clipping from a Los Angeles paper, and across the bottom was written "Congratulations." It was unsigned.

PURSE STOLEN FROM LOCAL ATHLETIC CLUB

Richard Heartley has reported to the police that a purse containing \$6.35 was stolen from his locker at the Santa Ana Athletic Club. The purse contained, in addition, a key and a receipt for a suit from Tom Williams. The purse was of brown leather.

HIS AUTO IS STOLEN

William Redfern of La Habra has reported to Sheriff Jackson that his Ford was stolen at Venice yesterday. The license number of the machine is 128,177.

Death of Mother

Mrs. Samuel P. Wright, the mother of Mrs. J. G. Morrow of this city, died at her home in Pomona, last evening. Many Santa Ana people knew the cheerful little invalid and deeply regret to hear of her death, sympathizing deeply with those in bereavement. Funeral services will be held tomorrow morning at 10 o'clock at 429 East Pasadena avenue, Pomona.

NEW CALIFORNIA SONG ATTRACTS ATTENTION

Miss Genevieve H. Whittemore and Prof. Stanley F. Widener, both of Pomona, are responsible for a new "Glory Song of California," a composition which since its first appearance a few months ago, has won wide popularity. The words of the song were written by Miss Whittemore, while the music to which the verses have been set was composed by Prof. Widener, a musician and composer of some note in the southland.

The song has already won great favor and is said to be threatening the widely sung "I Love You California," as the favorite song of the Golden State. The composition has been given recognition in many of the adjacent cities. Mrs. Grace McGahey of San Bernardino having included it in a program of songs which she presented in the Gate City two weeks ago.

Mrs. Whittemore is now in Santa Ana with the songs, the proceeds going to a worthy cause.

IN LAGUNA HILLS, GETS THE LIMIT OF RABBITS

Rev. W. J. Inwood, pastor of the First Methodist church, went forth with his shotgun on Saturday after rabbits. What is more to the point, he got rabbits. He got all the law allows, fifteen. He went hunting in the Laguna hills.

WHITTIER PIONEER DEAD

WHITTIER, Aug. 2.—Mrs. Isaac Mann, aged seventy-eight, one of the early residents of this city, died at her home, 225 South Comstock avenue, at 10 o'clock Friday morning. The decedent came to this city from Iowa with her husband and family eighteen years ago.

She is survived by the husband and eight children—among them Mrs. L. A. Crosby of Santa Ana.

FULLERTON IS VICTOR

FULLERTON, Aug. 2.—The San Diego bar boys suffered their first defeat in many weeks yesterday, losing to the Fullerton team 11 to 3. The wonderful fielding of Porter and the hitting of the entire Fullerton club featured.

Score by innings:
Fullerton 0 0 2 3 2 0 4 0 *—11
Bast hits 0 1 4 4 0 2 1 *—13
San Diego 0 0 1 0 1 0 0 1 *—3
Bast hits 0 0 1 2 2 2 0 1 12—12
Batteries—Hood and McGaffey; H. Bidwell and Mason.

ANNUAL GAMBOL AT SAN JUAN AUGUST 15

Local Elks Agog Over Foster Brothers' Fourth Big Barbecue

Elks of Santa Ana Lodge No. 794 are agog over the announcement that the Foster brothers of San Juan Capistrano are going to hold their fourth annual barbecue for the Elks on August 15. The barbecues given in former years by Frank and John Foster have fairly brimmed over with success and the announcement of another is all that is needed to make the local altered herd fairly dance with anticipation and delight.

This year's barbecue at San Juan is destined to be the biggest ever. By reason of the great growth that has been made by the Santa Ana lodge in recent months the attendance is expected to exceed that of any other year.

T. M. Hill, J. Howard Turner and Dr. M. A. Patton are on the committee of entertainment. Tomorrow evening they will go to San Juan for a conference with the Fosters and plans for the big gambol will be gotten under way.

Horse races, athletic events and other amusements will be the order of the day. The biggest feature will be, of course, the big barbecue.

IS SICKNESS A SIN?
If not, it's wicked to neglect illness and means of relief. It's wicked to endure Liver, Bilis, Headache, Indigestion, Constipation, when one dose of Po-Do-Lax gives relief. Po-Do-Lax is Podophyllin (May Apple), without the gripe. It arouses the Liver, increases the flow of bile—Nature's antiseptic in the Bowels. Your Constipation and other ills disappear overnight because Po-Do-Lax has helped Nature to remove the cause. Get a bottle from your Druggist today. Get rid of your Constipation overnight.

WRAPPINGS NOT PART OF NET WEIGHT

Hereafter, Paper, String and Cloth Can't Be Sold Along With the Meat

On August 8, merchants need have no further question as to whether or not wrappings of hams and bacon shall be considered as "containers." A new law will go into effect that says they are "containers."

Under the former weights and measures laws there was a question as to whether or not a wholesaler could charge a merchant for both meat and wrappings at the same price that the meat was charged for. It was held by a Los Angeles court that the charge could be made, that meat and wrappings together should be considered as "net weight."

County Sealer McPhee of this city took the other view of the matter. He found that one meat market man who kept track of the weight of wrappings and strings, for which he had to pay the wholesaler the same as though they were meat, bought \$85 worth of the stuff in a month. However, with the uncertainty of the law, McPhee was unable to make any stringent requirements.

Today McPhee received a letter from C. G. Johnson, state superintendent of weights and measures, setting forth the new conditions as follows:

This provision was the most important legislation passed by the last Legislature on the subject of weights and measures. It specifically provides against the sale of commodities by gross weight and firmly establishes the fact that containers, wrappings, and wrappers are not a part of the article, commodity, or produce "sold, or offered for sale." This law, while it is co-operative with the provisions of the "Net Container Act" is a separate and distinct provision effecting the sale of the actual "net weight." While the wrappings on smoked meats and similar wrappings are not containers, it disregards and eliminates them entirely as a part or portion of the commodity wrapped when "sold, or offered for sale."

Be Sure It's PEACOCK'S.

I desire to call your particular attention to the custom long enjoyed by packers in the sale of smoked meats, to charge the same price for the wrappings as they do for the product. The fact was established that there was nothing to prevent them from tying on just as much wrappings as they, in their judgment, thought the traffic would bear. Series No. 18 presents the result of inspections in this respect. I beg to recommend that the sale of smoked meats be established on a net basis, and that the packers of smoked meats be given no more consideration than any other merchant, who may sell merchandise and wrap same for the convenience of the public. The grocer, the butcher, the packer, in fact, most merchants do not charge a price for the wrappings in the sale of commodities. Most of them are selling their commodities by "net weight," and there is no justifiable reason why the packers should be extended the privilege of charging an exorbitant price for their wrappings, which convenience the delivery of their produce, as well as presents for their benefit an excellent advertising medium for their respective brands.

Although the law of sanitation demands the wrapping of smoked meats, it is the opinion of this department that this law does not necessitate the present trade custom. Coal, when sold by the standard sack, shall contain 100 pounds "net weight" irrespective of the weight of the sack. The sack is not a part of the commodity in the sale of walnuts. The tare of the sack should be marked on the sack. As best, the sack was never known to cost the same price as the product. This provision equally applies to the sale of hay, grain, potatoes, and products in general. Its plain construction eliminates technicalities, and provides for the prosecution of persons dishonest in their intentions and designing in the sale of commodities.

Import and export merchants maintain the most rigid accuracy in indicating the "net weight," and buying and selling by "net weight," when clearing through the custom house and dealing with foreign markets. Why not give to home markets and to local consumers the same accuracy and the same honorable intention? If anything, they should be more so. When the buying public awakens to their full privilege and protection against fraud, carelessness, and ignorance, under the weights and measures laws, merchants, dealers and vendors will maintain the careful and accurate standards of trade long maintained and established in foreign countries, where weight and measure regulations have rigidly been enforced for centuries past.

BIBLE IS PROVING TO BE GREAT EDUCATOR

Handsomely Illustrated Edition Given to Readers Is Particularly Valuable

In these days of honoring the memory of illustrious men who have gone before by celebrating the anniversaries of their natal days, or by setting aside special holidays in their honor, one is likely to overlook other important anniversaries.

Last year marked the three hundredth anniversary of the authorized version of the Bible. This event is now most fittingly celebrated by presenting the New Illustrated Bible to our readers as this paper is doing in its great educational distribution, and today's certificate is printed on another page of today's issue. The entire plan is fully explained thereunder. Turn to the certificate; clip it at once, and you had better present it as soon as possible, for this edition will not last long at the rate they are going.

This Bible is actually needed in every family, no matter how many Bibles may be already possessed. By its use children will learn the habit of Bible reading, being attracted by the wealth of graphic illustrations, so full of meaning to the child mind. Young men and young women will find inspiration in the subjects which are illumined by this superb gallery of art. Even the best remembered texts shine with renewed radiance in the light of these eye-teaching pictures.

One does not need to belong to a church to acquire knowledge and fully enjoy this magnificent volume. In itself it is an educational work of rare value, for the illustrations portray scenes and clearly set forth historical facts that are interesting as well as instructive to all.

Present your certificates today and be among the favored ones.

BOOSTERS TAKE GAME AGAINST ATTORNEYS

One Fateful Inning With Seven Runs Told the Story of the Afternoon

The boosters beat the lawyers in Saturday's base ball game. They everlastingly sneered them. They threw them into the center of the diamond and walked all over them. The lawyers demurred and moved to strike out, but the Chamber of Commerce players told them right off the bat that the game was being played according to the rules of the game and not according to the rules of the superior court of Orange county.

The score was only 8 to 1. It was along about the fifth inning that most of it happened. Saturday morning West began studying law. At least, Capt. Assemblyman Attorney Joe Burke says he began, and there was no chance to go to the records. So they put West in to do the pitching for the attorneys after Counselor H. C. Head had twirled a couple of successful innings. West had not studied law long enough to prevent the Chamber of Commerce galaxy from bunting, boosting the ball and otherwise maltreating the pitching average.

When the fifth inning broke upon the atmosphere, the hearts of the boosters were also broken. The bats were almost broken. Seven boosters beat it around the bases at break-neck speed. Defender Burke, captain of the boosters, accused Rev. Paul E. Wright of running in a bunch of professionals on him, but Rev. Wright merely twigged Burke's ears, smeared his hat and his hair, and went right on sending Chamber of Commerce men around the bases.

Then some fiend had the nerve to knock a red-hot liner straight at Barister Burke. The ball hit Burke on the leg and knocked it out from under him, causing the downfall of a lawyer.

Captain Wright's team played real good ball. So did the lawyers, all except that there was one inning when the bar let down the bars and the unlicensed crew took advantage of the technicality to make some more runs. Rummy Dubois pitched and Paul Wright caught for the Chamber of Commerce. Wallace W. Davis starred for the Solicitors. He argued the case behind the bat, and made the one lonesome run for the Blackstone bench.

State Senator J. N. Anderson slammed out a hit or two, but his team was too regular. It wasn't Progress. His teammates were mostly hand-patters—they stood around the bench.

The Chamber of Commerce base-stealers were a hungry bunch. They were not satisfied with 8 to 1, so in the last two innings they put in Frank Harris and Nelson, each one wearing a real baseball suit, to eat up what was left of the lawyers. But the lawyers took an appeal, an exception or a brace or something. There was not another run after judgment was docketed in the fifth inning. That judgment was 8 to 1.

As near as one can recollect, the winning Chamber of Commerce team, challenged to play the bankers, was made up of Dubois, pitcher; Wright, catcher; Stewart Smith, first base; Legely, second base; Yawter, short; Clarence Tedford, third; Crites, left field; Will Spurgeon, center; Joe Backs, right.

The attorneys' team was made up of Head and West (West? Not L. A. nor Z. B.), pitchers; Davis, catcher; Bill Menton, first; Burke, second; West, short; Forgy, third; Meyer, left field; Peters, center; Anderson, right.

It was a good day for the Association.

SIGNALS OF DISTRESS

Santa Ana People Should Know How to Read and Heed Them

Disordered kidneys give many signals of distress.

The secretions may be dark, contain sediment.

Passages are sometimes frequent, scanty, painful.

Backache is often present day and night.

Headaches and dizzy spells may occur.

Weakened kidneys should receive quick help.

Don't delay! Use a special kidney remedy.

Doan's Kidney Pills are for weak kidneys, backache and urinary disorders.

R. J. Haines, 206 Ross St., Santa Ana, says: "I had pains through my back and sides. It was hard for me to straighten after stooping. The action of my kidneys was irregular. When I used Doan's Kidney Pills, they made my kidneys normal and stopped the pains."

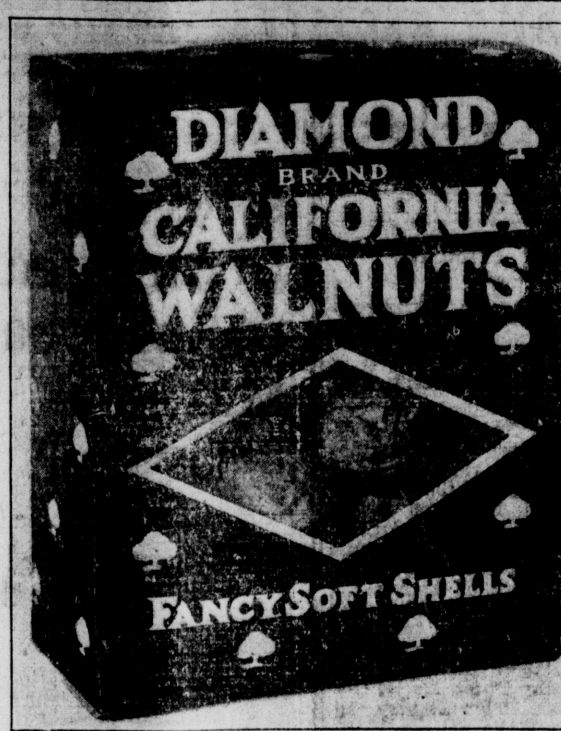

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Haines had. Foster-Milburn Co., Props., Buffalo, N. Y.—Advertisement.

WALNUT GROWERS AS CO-OPERATORS

"Forward, march!" seems to be the watchword of the walnut growers of California as it is expressed through the management of the California Walnut Growers' Association. The illustration herewith shows the latest move of the manager to make California walnuts known in millions of homes of our big country. It is clear that such a move could not have been made by any single grower, nor very easily by any single association. There are now about twenty or more associations joined together to market their walnuts co-operatively. They can do effectively what none could accomplish individually.

Until a year ago all of our walnuts were shipped in 100-pound sacks. These carried the brand of the association, but when the walnuts reached the consumer, he could not tell where they came from. They were "English" walnuts. As likely as not he had no idea that there were any "English" walnuts grown in the United States. Because none ever bore the label "Made in the United States." Perhaps if he knew and had a preference, for walnuts grown in California, he could not tell whether he got what he called for. Now when he buys the little "Peek-a-boo" package of "Fancy soft shells" which are peeping out through the window through which he is peeping, he knows that he will have for his Thanksgiving or Christmas treat some real California walnuts, the "Diamond Brand," guaranteed. He will know where he can buy the same good nuts the next time.

Surely, here is a good advertising scheme and it does not cost a quarter of a million dollars or more, like that of the California Orange Growers, and it advertises just exactly where advertising will do the most good at the least cost. The housekeeper and the cook will see this advertisement and it will be constantly before them until the last nut is used up. The little

ed Charlies. That was the reason for the whole thing. Well over \$100 was taken into the treasury. Jim Metzger, secretary of the Chamber of Commerce, was there passing out score cards and a line of comment worthy of the cause.

The crowd was sizeable and satisfied.

The umpires? Yes, indeed, there were umpires. The men whose lives were endangered in the cause of righteousness were Fred Mansur and Charles Shaw. They nearly died of fright.

But let's get back to the beginning of the game. There was where the fun started. With all the dignity that marks his great office, Mayor Visel cast the first ball. It was a lawyerly, boomerlike twirl. Rev. Stevenson was there to catch it. He caught it. He had borrowed a great big basket from Swanner and Anderson's for the occasion. The tall sycamore from the Presbyterian Church caught the ball all right. Then he left the basket, and some fellow sat on it and put the bottom on the bum. The basket will be charged up either to profit and loss or to charity.

book of recipes on the inside will teach new uses of the walnuts and will help to increase consumption and create a demand, voiced by Oliver Twist: "I want some more."

A year ago package goods were put out for the first time, 4-pound sacks and 3-pound cartons. They proved a little too large, but they did good advertising. It is intended to put the new package out for one and two pounds.

The cost of advertising is only the difference in cost between a plain gray package, and the windowed and lettered package herewith shown. There lies here a possibility of good that will be appreciated only later as it is worked out. For instance: If the sales of these packages come up at all to the expectations of the management, then it will become possible by and by to say to our agents: We do the advertising for you, we make it easy for you to sell our goods, you can sell for us on a smaller commission. And again: We can extend the field of co-operation among growers by mutual advertising. That is to say, the walnut growers may help to advertise the dried fruit growers' goods and the latter may turn around and do the same for the walnut growers.

We have by no means reached the limits of co-operation.

Of course, the necessity of putting only the very best nuts into these packages, is at once apparent. If a package of bad nuts went out the consumer would protest against buying the same kind the next time.

The management therefore proposes to insist upon strict grading and culling, in short, to make our package goods so desirable that no others will be accepted by the consumer. And every intelligent producer will say: Amen.

Send a box or more to your friends in the east and do a little advertising on your own account.

GENERAL GRANT IS SLIGHTED IN FAVOR OF LEE

State Board of Education Requires Revision of New History For State Text

The State Board of Education is not backward in demanding the best in textbooks for California school children, and in adopting Mace's Beginners' History of the United States, published by Rand, McNally Company of Chicago, for a history text in the fifth grade, it required changes which vastly improved the contents and appearance of the volume.

The board provided for a chapter on western development since the Civil war, with particular reference to California, and it required certain changes in the treatment given the Civil war and a more exhaustive recitation of main American historical events since the Civil war, bringing the record down to the present time. These changes and additions must be submitted to the board for examination before final interpolation.

The criticism of the board was the fact that General Robert E. Lee was given 6½ pages while General U. S. Grant was given only 1½ pages, and that under a heading reading: "Other Heroes of the Civil War." In fact the entire treatment of the Civil war period appeared strangely out of proportion to the generally accepted historical importance of the facts and human figures.

Another radical change was that requiring the preparation of new plates of standard textbook type line and page, the book as published by Rand, McNally being much wider than standard, so that the lines are difficult to follow with the child's eye, and the book does not "stack" with the state series and would be hard to carry.

Yet in spite of the expense of making these changes the state is enabled to sign a contract with Rand, McNally Company for a four-year period at an 8-cent royalty, whereas it is now paying a 15-cent royalty for the history book which the new adoption will supersede at the end of this fiscal year.

The general treatment of history in the Mace book is excellent; chronologically correct, easy in language, clear and entertaining in style. It is the simple story of our country, without attempt to stuff the child mind with too many facts, dates and details. Those who come later with the study of more advanced American history.

—Ladies' Suits to measure, also alterations. Chas. Land, 306 Bush St.

Talks to Farmers No. 2

How Much Interest Do You Net Upon the Valuation of Your Land?

Are you thoroughly satisfied with your present location? Are you thoroughly satisfied from a stand-point of first profit, second happiness, and third health? If you are, you are ideally situated, if you are not satisfied from all of these three standpoints then you must be more or less discontented, and if I can show you where you can embrace all three of these fundamentals and at a cost of perhaps 25 per cent of the value of your present holdings, you would desire to investigate further, would you not?

The owners of this land have such confidence in the ability of the soil to pay for the land itself and provide a living for the worker while doing so, that they have located on the land twelve German families whose total cash capitalization each was from \$1.50 to \$11.00, which was the highest amount anyone of them possessed and they are making good.

In further confidence of the success of this land the owners have spent over \$450,000.00 in improving and leveling it, and in building a street car entirely through the property.

If the above German settlers without any capital can make good you can see the possibilities for the man with from \$1000 to \$10,000 to invest. This land will net conservatively from \$50.00 to \$200.00 per acre per year and a crop failure is unknown. It has an unlimited water supply at a cost of one dollar per acre per year. It is located within five miles of the most rapidly growing city of 50,000 people in the state of California, and can be bought today for \$200.00 per acre on your own terms, and I can logically show you that the same land should increase in value that it will be worth \$500 to \$1000 per acre within five years, where you can have profit, happiness and health which mean satisfaction and contentment. If you are in the market for land I will be glad to give you further details by writing or calling for my little booklet "FUNDAMENTAL FARMING FACTS" which will show you the best land investment offered in the state of California.

CITY BOARD TO DISCUSS THE DEPOSITING OF MONEY

It was stated today that at the meeting of the City Trustees tonight, the legal phases of the depositing of city funds is to be discussed.

City Attorney G. H. Scott is ready to give the trustees the law on the subject. He will refer to act 1574 of the California statutes, which relates to the manner in which county and municipal money can be deposited with a bank.

That new law states that a public officer can deposit public money in any bank under certain conditions. One of those conditions is that security shall be given, the security to consist of bonds of the United States, state, county, municipality, school district or irrigation district, to be approved by the officer making the deposit, and in the case of the city, the city attorney. A rate of interest not less than two per cent shall be paid by the bank on daily balances.

Once each year it shall be the duty of the city treasurer, the city clerk and the chairman of the board of trustees to fix the amount of interest to be required, the interest to be not less than two per cent.

YOUR COUGH CAN BE STOPPED
Using care to avoid draughts, exposure, sudden changes, and taking a treatment of Dr. King's New Discovery, will positively relieve, and in time will surely rid you of your cough. The first dose soothes the irritation, checks your cough, which stops in a short time. Dr. King's New Discovery has been used successfully for 45 years and is guaranteed to cure you. Money back if it fails. Get a bottle from your Druggist; it costs only a little and will help you so much.

YORBA LINDA WOMAN SEEKS HER HUSBAND

Says This Is His Second Disappearance—Gone Now Since July 17

Mrs. S. H. Smith of Yorba Linda appeals for assistance in locating her husband, a farmer, who left home July 17 and has not since been heard from. Smith is of a somewhat nervous disposition and left once before, about a year ago, under similar circumstances. On this occasion he was gone three months and was working as a ranch hand near Pomona. He is 57 years old, 5 feet 11 inches tall, weighs about 175 pounds, dark complexion, slightly gray hair and mustache, gray eyes, dressed, when last seen, in black coat, light trousers, light negligee shirt and black Stetson hat.

ARE NOT ADVOCATING HOLDING APRICOTS FOR HIGH PRICE

Members of Orange County Cured Fruit Association Hold Conference

The meeting of the members of the Orange County Cured Fruit Association Saturday was in the nature of a conference. It developed the fact that there are not any who are advocating holding for a high or prohibitive price. The matter of selling was left entirely in the hands of the board of directors. A fair price and quick returns are what all desire.

The following is quoted from the market report of the last issue of the Pacific Rural Press:

"New crop apricots are now coming in a little more freely and a lot of interest is taken in this line. The market is admittedly firmer and more are being sold at the top quotations than formerly. Advances from some of the growing districts are that as high as 7 1/2 cents is being offered and that growers are holding for 8 cents."

The Fruit Growers' committee of Santa Clara county met July 24 and said, "In regard to apricots it is reported that very many growers are disappointed in the amount harvested."

Regarding this statement, Dr. J. D. Bernicke said today, "Orange county is similarly situated, at least, much good fruit was not harvested, making the output about one-third normal, instead of 40 per cent."

ASKS ORDER TO STOP DEED OF PROPERTY

Man Against Whom Craddick Got Judgment Seeks Delay to Redeem Ranch

Walter M. Campbell has appealed to the courts in an effort to secure delay so that he can redeem forty-six acres of land at Garden Grove sold on August 1, 1914, under execution. His complaint filed today by Los Angeles attorneys states that S. M. Craddick brought suit against him to foreclose a \$2000 mortgage, and that the property was offered by C. E. Rud-dock, who was sheriff a year ago, and was bid in by Craddick for \$2418.46. Campbell asserts that the property is worth \$16,000, but he has been unable to make a sale of the land. He has tried to raise money to redeem the property, but has not succeeded as yet.

It is alleged that Craddick is offering the property for sale at a low figure, and that there is probability of a deed being given by Sheriff Jackson to the property. The superior court is asked for an order restraining the sheriff from making any such deed, and judgment is asked setting aside the proceedings had in the case of Craddick vs. Campbell.

Claims Are Filed
Attorney S. M. Davis has filed labor claims amounting to \$179.50 for men who worked on the Olive bridge for Truone & Stoeker, the contractors who quit the job. The claims now lie against the surety company that was on the bond of the contractors, the surety company having secured another contractor to finish the job.

Demurrers Filed
Today Attorneys Williams & Rutan filed demurrers for Alfred Quetu and the Valencia Ranch Company in the action brought by the United States National Bank of San Diego. The complaint alleges that Rev. Quetu's property was transferred to the Capistrano Ranch Company and then to the Valencia Ranch Company for the purpose of avoiding payment of a note. The bank has a judgment of about \$4000 against Rev. Quetu and is seeking for property upon which it can levy for satisfaction.

Appraisers Named
J. N. Anderson, R. S. Gregory and G. A. Ruddock have been appointed to appraise the estate of Nettie Rose Robeson, who died at Buena Park.

Want to Be Left Out
The Board of Supervisors has received a copy of a resolution passed by the La Habra Chamber of Commerce in regard to the proposal to form a judicial township of La Habra, Brea and Olinda. The La Habra Chamber of Commerce is not included in the proposed new township. E. E. Prond and J. A. Walker as president and secretary of the La Habra Chamber of Commerce, signed the communication to the county board.

Bill of Sale
There has been recorded a bill of sale from C. E. Hudson to L. H. Begig of the entire booth equipment of the Colonial Theater at Orange.

CHILDREN ENJOY THEIR HAPPY STORY HOUR

The Story Hour on Saturday afternoon was the most encouraging yet given. Twenty-five little ones, ranging from three years to third graders with two most welcome mothers, listened to Miss Hill at Washington school. If not taking their eyes from the story teller proves interest, Miss Hill is to be complimented for her ability as a story teller. Miss Hill told an original story from the Story Telling Magazine, "The Dog With the Green Tail," then "Raggybug," "The Owl and the Pussy Cat," "The Wynek, Blynkers and Nod" and the "Bird Nest Story." The children were on the playground by 2 o'clock and stayed for a while after the hour.

At intermission, Miss Birdenia Henry conducted the most successful "big children" story hour of the summer. There were more boys among her thirty listeners than formerly and also a welcome mother.

She told the "Object Story," bringing real oyster shells to illustrate. This was followed by the "Blue Robin," a story having a moral running throughout—that one must love others more than oneself before he can receive many blessings. In her pleasing way, Miss Henry closed with Tennyson's "Spring Message of the Bird."

After the story hour the children spent a half hour in the gymnasium with dumb-bells, wands and singing games. One tennis court was full during the afternoon. More pupils may bring their rackets next Saturday.

Those conducting the work hope the children will be more nearly on time next Saturday so they may begin promptly at 2:30 in order that more time may be given to the play hour. Lists of books for the fourth, fifth, sixth, seventh and eighth grades, compiled from the Los Angeles summer lists, added to by Miss McFadden, were distributed. A mothers' list, having some books containing excellent lists to buy or have children get from the library were also distributed. These lists contain about seventy-five stories or chapters from books to be told or read to children. These were copied from the St. Louis library list. Miss McFadden has all these lists on her desk at the library for distribution.

Now is the time to enter the Orange County Business College.

IN THE JUSTICE COURT

CONTEST SPEED CASE BY JURY MEANS \$50

Long Beach Man Pays Freight For Trial That Is Held In Cox's Court

When a man is arrested for speeding and demands a jury trial, he has to pay the freight if he is convicted. Somebody has to pay the jurors \$1.50 apiece for their services. The bill is charged up to the county. The county pays it. The jury costs better than \$25. The usual fine for speeding an automobile is \$10. If there is a jury trial, the defendant found guilty and fined \$10, the county loses money on the deal.

This morning Justice Cox lined out a plan of procedure that will prevent loss in cases where the defendant is found guilty. If the verdict is not guilty, the county is loser. If the defendant is found guilty the fine is \$50. E. E. Buffon of Long Beach is the man who had to come through with \$50 this morning. He was arrested on the Seal Beach boulevard one Sunday last month. At the time he was on his way to church at Huntington Beach. Another machine of his party got ahead of him and he hastened a bit. Motorcycle Officers Davenport and Ballard testified that the Long Beach machine was rambling along thirty-seven miles an hour when they timed it in their trap.

The upshot of the trial was that the jury took one ballot and found Buffon guilty of speeding.

Those on the jury were M. T. Woodruff, D. G. Cole, D. E. Meyer, O. G. Alderman, William McGreavey, Theo. West, C. H. Wilson, R. R. Foley, E. E. Cooley, T. Shannon, P. E. Newman and J. L. Wiesman.

Moreno's trial was one of the shortest Justice Cox ever held. There was a jury in court waiting to hear the Buffon speeding case. Here is most of the transcript in the case. Under Sheriff Iman being the witness:

Q. "Did you see this man with a gun?"

A. "Yes."

Q. "Where did he have it?"

A. "In his pocket."

Q. "Did you see him have it?"

A. "Yes, I took it out of his pocket."

Q. "Where was that?"

A. "In Delhi."

Q. "Found guilty; are you ready for the judgment of the court?"

A. "Yes."

Judgment: "Six months in county jail."

Charge Shoplifting

C. Vega was arrested Saturday by City Marshal Jernigan on a charge of stealing a ring from a store in the Arcade building on East Fourth street. The trial is this afternoon.

Sperry Arrested

Harold Sperry, driver of a milk wagon, was arrested Saturday by Sheriff Jackson on a serious charge. The man gave \$1000 bail.

OUT WITH A GUN

Under Sheriff Iman journeyed quickly to Delhi yesterday on a report that Stancos Moreno was out gunning Iman arrested Moreno, and also brought Jose Sandoval to jail on the ground that he was suspected of having tried to help Moreno escape arrest.

UNCLE SAM TO PUT EMPLOYMENT SHARK OUT OF THE GAME

SAN FRANCISCO, Aug. 2.—Addressing the Labor Conference, Anthony Caminetti, United States immigration commissioner, today said Uncle Sam would soon put the employment sharks out of business.

Their doom is sealed. The army of unemployed is gradually decreasing and prosperity is surely coming.

Employment agencies who think more of the fee than of the man will be the ones to be jobless soon.

REMINGTON WORKERS THEATEN STRIKE

ELION, N. Y., Aug. 2.—Remington employees today threatened to strike. The workers this morning received slips containing the new wage scale under the eight hour day. They declare the new scale is lower than the present pay and threaten to refuse to work under it. The situation is tense.

Constipation Causes Most Ills

Accumulated waste in your thirty feet of bowels causes absorption of poisons, tends to produce fevers, upsets digestion. You belch gas, feel stuffy, irritable, at most cranky.

It isn't you—it's your condition. Eliminate this poisonous waste by taking one or two Dr. King's New Life Pills tonight. Enjoy a full, free bowel movement in the morning—you feel so grateful. Get an original bottle, containing 36 pills, from your Druggist today for 25c.

GIANT RATTLESNAKE'S HEAD IS SHOT OFF AS IT STRIKES AT HUNTER

Just as a six-foot rattlesnake struck at Albert Lenk, gardener at the courthouse, yesterday, Lenk shot the reptile's head off. Lenk was hunting rabbits in Trabuca canyon. It was his day for snakes. He had killed one four and a half feet long with nine rattles when he encountered the second, a monster. Lenk walked out on to an open, sandy spot, and had no sooner shown himself than a rattler that had been coiled in the center of the spot turned himself loose in Lenk's direction. The rattler had about seven feet to go. Lenk did not wait to aim. Neither did he do anything else than jump and shoot at the same time, firing from his hip, by gum! Off went the rattler's head. The big snake carried thirteen rattles and a button.

Thank Each One!

who helped make our Big July Clean-up Sale the big success that it was. We had hardly hoped to sell more than July, 1914, but we did and of course feel good over it. And now we find that we have accumulated hundreds of remnants and broken lots all over our store. These we are putting on our Bargain Tables at Cut Prices for they must be sold regardless of profit. This month will be devoted to selling all broken and short lots for when our buyer goes to New York next month we must have room to receive the big stock of fall and winter goods that he will buy. We have an abiding faith in Santa Ana and Orange County and know now that we made no mistake in locating here. Our cash policy is a winner. We have no bad debts, no book-keeping expense and our customers reap the benefit. "Come in and be shown."

START WORKING PRISONERS ON ROADS SOON

It will take about ten days more to complete the prisoners' camp on the bluff at Salt Creek, on the road between Laguna Beach and Serra.

The cage in which the prisoners are to be kept at night is being finished, and will be erected the first of next week. This cage will have bunks for thirty-six prisoners. Tents for provisions, dining room and guards are being put up at the camp.

The prisoners will be worked upon the roads, widening them and bettering grades.

The crew will be started off with about twenty-five prisoners in the camp.

The number of prisoners in the county jail is now the lowest it has been in several years. If there were more prisoners, more would be detailed to the camp.

Now is the time to decide on that piece of furniture, rugs, linoleum, refrigerator, stove.
